ROYALTY IN ITS LATEST ERMINI TRAINS.
This is the first photograph to reach America of King Haakon and Queen Maude in their coronation robes. This picture was made just after the coronation ceremonies, June 22.
(Photograph, Underwood & Underwood, New York.)

came up to that time, and we welcomed them. In 1900, some came back who were against us in 1896, and we did not shut the door against them.

OPENING THE VINEYARD.
"I have no idea that the party will require tickets of admission in the coming campaign. Usually parties are so anxious to secure recruits that past differences are not emphasized, if there is a sincere agreement on political issues. I do not know that we can find a better plan than the Bible plan, which admits the eleventh-hour comer to a place in the vineyard, to share the reward with those who began earlier. I think this sound politics as well as sound religion, provided the new recruit comes to work, and not to interfere with the other laborers."

BUT THE OVERSEER.
"But, of course, when an overseer has to be selected, experience cannot be left out of consideration. The worker who came late, if honest, would be no modest to assume an attitude of superiority over those who had toiled during the earlier hours. While the question is one of purpose, a man who recognizes the dangers that threaten our country and is anxious to avert them will not find it very difficult to establish friendly relations with those who saw the dangers at an earlier date."

WHEN EPITAPHE IS WRITTEN.
"If the differences between the miners and the pretended friends of reform cannot be discovered before they will become apparent when the platform is written; for if present indications count for anything, that platform is likely to be plain that no one can mistake it, and so strong that no enemy of Democratic principles will be drawn to the party."

Dryan added that he would discuss the tariff, railroad, and labor questions, imperialism and other issues at length when he reached America.

LOCATORS JUMP JEW CEMETERY.

ENTIRE SOUTH HALF OF MOUNT MORIAH ALSO CLAIMED.

Hallowed Ground Has Been Completely Enveloped on the Six-and-a-half Mile Square—One Stake Is Driven Near Senator Clark's Plot.

MY DIRECT WIRE TO THE TIMES.
BUTTE (Mont.). July 12.—[Exclusive Dispatch.] The Jewish Cemetery has been "jumped" as a gold mine. So has the entire south half of Mount Moriah Cemetery, and all the land intervening between the Catholic and Protestant cemeteries has been staked out to comprise a ten-acre placer claim, known as the "Palm Leaf Placer."

Norman Mueller, a wealthy saloon-keeper, declares that there is gold in the cemetery. He has located his placer claim in ground around the two graveyards and his corner plot, touch the Catholic Cemetery, since the original and common, and one cemetery stake has been driven in the Mt. Moriah soil, not far from the W. A. Clark plot.

The Jewish Cemetery has been completely enveloped by the location, and technically, the Jews have now no cemetery. Jews about town are holding with indignation, today, and public protests have been made. Indigenous citizens have pulled up the northwest corner post of the Palm Leaf Placer, driven near a headstone and have thrown it over the fence.

Mrs. Merrin Wants Offspring of Her Husband and Visits Mother in Denver.

MY DIRECT WIRE TO THE TIMES.
DETROIT. July 12.—[Exclusive Dispatch.] Miss. Waldo Merrin of Los Angeles, who is here to secure Dorothy Page Phillips, aged 5, a child born to a woman with whom Mrs. Kerrin's former husband, George E. Phillips, was intimate, has summoned the woman whose secret she has kept, and says the latter will confess her honor.

The unknown woman is a Chicago business man's wife.

BOSTON. July 12.—[Exclusive Dispatch.] John W. Gates and John A. Drane are for legislation to legalize race-track betting in New Hampshire. This would be of direct benefit to the million-dollar Rockingham Park.

CUT HIS LIFE TENURE SHORT.

**J. F. Cockrane of Waukesha
Sues St. Paul Road.**

**Alleges Crooked Deals and
Conspiracy to Defraud.**

**Got Orders to "Hold Out" on
Car Service.**

MY DIRECT WIRE TO THE TIMES.
MILWAUKEE (Wis.). July 12.—[Exclusive Dispatch.] A conspiracy suit in which sensational charges are made was started, today, by J. F. Cockrane of Waukesha against several prominent officials of the Chicago, Milwaukee and St. Paul Railroad. It is alleged that the defendants conspired to defraud the plaintiff out of a sum of money which, it is claimed, was due Cockrane under contracts that had been entered into with the railroads.

The contract was formed, it is alleged, following the reported refusal of the Milwaukee road to pay thousands of dollars to other railroad companies for car service charges. Cockrane seeks \$125,000 damages.

DEFENDANTS ARE CITED.

Among the defendants in the action are President Albert J. Ewing, General Counsel George R. Peck and General Solicitor Burton Hanson of the St. Paul. The defendants are cited to appear in Judge Dick's court at Waukesha next Tuesday morning.

SACRIFICES MOUNT UP.

The complainant cities that, while car services on the Milwaukee road, Cockrane was ordered, at various times by the general manager and other officials to deduct a proportion of the amounts, which, it is claimed, were due other companies for car service privileges, and that personal records of these deductions made by Cockrane show an aggregate of about \$300,000.

GAVE THE ALTON DATA.

When Cockrane left the employ of the St. Paul for the Chicago and Alton Railroad, he maintains that he placed memoranda before the officials of the latter company showing the amount he had collected. It is claimed that after Cockrane had been in the employ of the road six years he was discharged, in 1903, and at this information.

LIFE TENURE CUT SHORT.

Cockrane then alleges that he was induced by President Ewing to return to the St. Paul road with life tenure, on the alleged condition that Cockrane would turn over all the memoranda he had collected. It is claimed that after Cockrane had been in the employ of the road six years he was discharged, in 1903, and at this information.

TUNNEL TROUBLE EXPECTED.

NEW YORK. July 12.—There is uneasiness among the workers in the tunnel projects around New York, and if the engineers strike, there will be a general walk-out, which will make one of the largest labor squabbles the East known for several years.

Particularly those men who are working for the English contracting concern are dissatisfied and probably will lead the trouble.

The leaders of the workmen state that should there be a walk-out on one of the tunnels, it would affect the entire list, and general tie-up would result.

Johnson & Son are said to have employed a number of strike breakers, who were brought to the scene of action by the steamer C. H. Northam, and who are housed within the vessel. They work under the direction of Strike-breaker Farley and living on the boat. This is the seat of the present uneasiness, and further trouble is liable to break out at any time.

CRANK STARTLES OYSTER BAY.

OYSTER BAY (L. I.). July 12.—[Exclusive Dispatch.] Elsie Moore was arrested here yesterday because he was trying to impress the villagers that he was in charge of the secret service force. He telephoned to Sagamore Hill that he would soon be out there, and warned local keepers that he would arrest them, as soon as he got his uniform, because of defects in their licenses.

SOCIETY LEADER ESCAPES HOLE.

BUCKLE (Mont.). July 12.—[Exclusive Dispatch.] Mrs. Burl Tower, society leader and wife of the consulting engineer of the Bell mining interests, was summoned to the house from the city by a telephone call this evening. An instant later the surface of the yard sank into an abandoned shaft, making a very narrow escape for her. She will be \$100 damages to her property.

AUSTRALIAN ZIONISTS REVOLT.

The disintegrating effect of the prolonged struggle for possession of the property of Zion became apparent yesterday when word reached the leaders at Zion City that the Australian branch of the church, which is the largest outside of America and embraces at least two thousand members, had revolted and established an independent organization. Both Victoria and Dowie were repudiated by the Australian branch, under the leadership of Deacon J. C. McCullough and C. F. Hawkins.

Differences of a doctrinal nature are said to have inspired the directors of the inscription to urge a severance of the connection which has existed.

JUSTICE SMILES ON DREYFUS AT LAST.

French Supreme Court Annuls the Condemnation of the Captain—He is Entitled to Restoration of Rank. Will Remain Silent.

(BY THE ASSOCIATED PRESS—P.M.)

PARIS, July 12.—The Supreme Court today announced its decision annulling the condemnation of Dreyfus without a retrial. The effect of the decision is a complete vindication of Dreyfus, entitling him to restoration to his rank in the army as though he had never been accused.

In the Chamber of Deputies, the discussion of the Dreyfus case was postponed, owing to the assurance of Premier Serrien that Dreyfus will immediately be restored to the army with the rank of brigadier-general.

Tonight, the Ministers held a prolonged special session at the palace, under President Philibert and determined, on the government's course in carrying out the decision. Two bills will be introduced in the Chamber of Deputies tomorrow, with the object of restoring both Dreyfus and Col. Picquart to the ranks they would have held if they had continuously served in the army. Dreyfus consequently will be nominated a major, with eventual early promotion to a lieutenant-colonel. Picquart will immediately become a brigadier-general. Dreyfus's name will also be inscribed for the list for the Legion of Honor, but he will not be directly nominated to that distinction, though probably a decree placing him on the list will shortly appear.

Deputy Breton has given notice of a bill providing for the transference of Emile Zola's remains to the Pantheon, with a public burial.

PARIS, July 12.—The decision of the court in the Dreyfus case today was read by Presiding Judge M. Ballot-Besnard, president of the Court of Cassation, immediately upon the reassembling of the court at noon today.

The Palace of Justice was thronged by an eager crowd, seeking admission to the courtroom. Among those present were Matthew Dreyfus, brother of Alfred Dreyfus; Mairre Mornard, counsel for Capt. Dreyfus; Joseph Reinach, the historian of the Dreyfus affair; Col. Picquart, Mme. Zola, and many others who have figured in various stages of the complicated case.

DREYFUS NOT PRESENT.

Capt. Dreyfus was not present, continuing his habitual secrecy by remaining secluded in the garret, where he has hitherto been cut off from the outer world.

The scene as the decision was pronounced was one of impressive dignity. Judges gowned in flowing red robes, solemnly mounted the bench. Deep silence prevailed as the presiding judge read the lengthy decision, making no reference to the national events of the last twelve years and completely exonerating Dreyfus of all wrongdoing, freeing him of the accusation of being the author of the famous secret papers, on which the entire charge was founded, and ordering the annullment of the judgment of the Rennes court-martial with the publication of the final announcement of his innocence in all newspapers, to be chosen by Capt. Dreyfus.

BUZZ OF EXCITEMENT.

The reading of the decision lasted an hour, and it was only at the close that the spectators realized the sweeping nature of the vindication. As the final determination was announced there was a shout of enthusiasm and some exclamations of approval, which the court officers sternly repressed.

Matthew Dreyfus hastily dispatched a messenger to the War Office to Capt. Dreyfus and Mme. Dreyfus. Outside the court the crowds received the decision without making any demonstration.

FEATURES OF DECISION.

The main features of the decision are as follows: The court holds that three new facts have been established:

First. That new documents from Gen. Mercier, secret papers presented at the Rennes court-martial, in which the initial "D" was substituted for "P" was a falsification establishing the strong presumption of Dreyfus's innocence.

Second. That another document from the secret papers in which Dreyfus was alleged to have been shown to have delivered to Germany the plans for the railway connection between the two countries, was forged.

Third. That the Rennes court-martial failed to hear material testimony calculated to establish the fact that Dreyfus was innocent.

"These facts," the decision of the court says, "without seeking for any further grounds, are of sufficient importance to acquit the accused, and it is only necessary to examine whether the verdict of the Rennes court-martial shall be annulled without a retrial, or is followed by another trial by court-martial."

BORDUREAUX BODUS.

After a lengthy review of the documents in the case known as the Bordureaux, the decision says it was written by Major Count Esterhazy, and that the accusations connecting Dreyfus with the Bordureaux rests only on hypothesis and conjecture.

The accusation against Dreyfus continues the decision. "It is based on the handwriting or on the handwriting of the Bordureaux, was completely unfounded and without motive. Moreover, Dreyfus, having a large fortune, one seeks in vain for any reason for his committing such a great crime."

The court therefore decides that as all the accusations against the accused fall to the ground, there is no

famous document beginning with the words "P accuse." The public conscience was aroused, and after a prolonged fight—now to preserve the tarnished honor of Gen. Mercier and of the French staff of officers generally—was given Dreyfus a hearing before the Court of Cassation, or Appeal.

But the retrial by court-martial, as the telegram above shows, was a mockery and a sham. All the world now knows that Bordureau was the writer of the bordereau and that the damning cipher telegram, read to the first court-martial by General Mercier, was nothing more or less than a villainous effort to discredit Dreyfus again convicted, although this time "with extenuating circumstances." The very qualification showed the fineness of the whole proceedings, for it was simply a desire of the government to grant a pardon. This was immediately done, and Dreyfus was released.

Then followed actions and counteractions in the court arising out of the case, but the government passed an act of general amnesty for all concerned in the prosecution, and further litigation was forbidden.

Now, at last, Dreyfus has vindicated his innocence before the whole world. He has done so, he announced, for the sake of his children and of the devoted wife whose unremitting efforts through the darkest hours alone saved him from His doom among the vilest convicts on that tropical hell-hole, Devil's Island.

THE CASE REVIEWED.

Capt. Alfred Dreyfus of the artillery, a member of a wealthy Hebrew family of Alsace, where he was born in 1859, was October 14, 1894, arrested on the charge of commanding a foreign military service to foreign power. Two months later, Dreyfus was tried by court-martial and found guilty, and January 5 he was publicly degraded and deported to Devil's Island, Cayenne, French Guiana, there apparently to spend the remainder of his life.

The friends and relatives of Dreyfus, notably his wife, and relatives, have labored in his innocence and devoted all their energies to the work of proving that he had been unjustly condemned. Col. Picquart, when he became chief of the Intelligence Department of the French army, in 1894, was the greatest enemy of Dreyfus and questioned the correctness of the proceedings against him. In the course of his investigation, he formed the opinion that the evidence pointed to Major Count Esterhazy as the guilty man. Picquart determined to see that justice was done, and there ensued a fight to preserve the honor of the French army.

ACCUSED ESTERHAZY.

Dreyfus, November 15, 1897, charged Esterhazy with writing most of the incriminating documents, but the latter was exonerated by court-martial in the following January.

The late Emile Zola warmly espoused the cause of Dreyfus, and made serious charges against the French General Staff and was condemned in the proceedings against Dreyfus and questioned the correctness of the proceedings. Continuing his investigations, he formed the opinion that the evidence pointed to Major Count Esterhazy as the guilty man. Picquart determined to see that justice was done, and there ensued a fight to preserve the honor of the French army.

(BY THE ASSOCIATED PRESS—A.M.) **JAMESTOWN (N. D.), July 12.—**The State Republican convention was called to order here today. On the first show of strength the stalwarts defeated the insurgents by electing E. A. Williams of Burleigh temporary chairman.

A full state ticket was nominated, headed by E. W. Searies, who was chosen for Governor.

The resolutions adopted endorse the President, Congressmen Cronin and Marshal Gov. Searies and the other State officials.

Senator McDowell, in an address to the delegates, said the pressing problem of the Republican party in the future is that of controlling the trusts and securing an equitable distribution of wealth.

NISBET WINS POINT.

(BY THE ASSOCIATED PRESS—A.M.) **DENVER, July 12.—**The application for a supplemental writ of supersedeas, made on behalf of Alexander Nisbet, to restrain District Judge John I. Mullins from further proceeding in the matter of the grand jury indictment of Capt. Alfred Dreyfus, was granted by Chief Justice Herbert of the Supreme Court this afternoon. The court held that the application of the Honest Elections League and the independent call for a grand jury on the part of Judge Wright must be denied.

The beginning of the famous Dreyfus case, which has thus culminated in the triumphant acquittal of the victim of persecution and conspiracy, dated back to 1894. In that year rumors of treacherous military secrets to the nation were prevalent in Paris, and eventually a bordereau or list enumerating military documents that had been feloniously transmitted to a foreign power, was intercepted and brought to the attention of Gen. Mercier, then Minister of War. That same year a trial among the General Staff of the French army was proved beyond doubt. The question was—who could the guilty man be? In face of the popular clamor, and to stay public anxiety due to further leakage of secrets, the court must be found.

Eventually suspicion fastened upon Capt. Alfred Dreyfus, an artillery officer in the General Staff, owing to a supposed resemblance to the bordereau. Dreyfus was a highly distinguished officer, studious and ambitious in his duties. But he was a foreigner and therefore a social outcast. Furthermore, he was an Alsatian by birth, and therefore not unlikely to be subject to German influences. So his accusation was popular, both among his fellow officers and the public at large.

The heretofore announced policy of the President not to become active in State politics makes the decision reached in the New York situation decided easy and unembarrassing.

ICE OFFICIALS INDICTED.

CHARGED WITH CONSPIRACY.

(BY THE ASSOCIATED PRESS—A.M.) **WASHINGTON, July 12.—**The grand jury of the District of Columbia today returned indictments against the American Ice Company and the Chapman-Sacks Ice Company and their local officers on the charge of entering into a conspiracy to increase the price of ice.

At the insistence of Dist. Atty. Baker, Judge Wright immediately issued warrants for the arrest of the indicted officials.

In addition to the two companies named, six individuals were returned against Samuel A. Kimberly, local manager and agent, and George F. Hoover, superintendent of routes of the American Ice Company, and Arthur C. Chapman, president of Samuel

Hoover, secretary and treasurer of the Chapman-Sacks Company. The proceedings are under the Sherman anti-trust law, and the indictments charge "a combination and conspiracy in restraint of trade and commerce."

OIL MAN'S PREDICTION.

PRICES SOON WILL FALL.

(BY THE ASSOCIATED PRESS—A.M.) **WASHINGTON, July 12.—**(Exclusive Dispatch.) Charles D. Chamberlain of Cleveland, O., a big independent oil man, who is here to testify before the Interstate Commerce Com-

mission, says the Standard Oil Company's grip is broken; that competition is growing, and the result that the price of petroleum and its products will soon drop from 10 to 25 per cent.

He accounts for existing conditions as due partly to the rate bill's enforcement, enforcement of the antitrust laws and restoration of profit arrangements by railroads on independent oil. He predicts that independents will soon own extensive pipe-line systems.

FLASHES FROM WIRES.

An earthquake shock was distinctly felt at Silver City, N. M., yesterday morning a few minutes after 6 o'clock. The shock did no damage, lasting only a few seconds.

The special meeting of the trustees of the Mutual Life Insurance Company, which was called at New York, adjourned until July 16, without any definite action having been taken.

Mrs. Emily McKinstry, postmistress at Kingfisher, Okla., and widow of a cousin of the late President McKinley, was arraigned before the United States Commissioner, charged with falsifying records.

Secretary Wilson of the United States Department of Agriculture paid an unexpected visit to the Cedar Rapids packing plant. It is said he found nothing to criticize.

Socorro, N. M., experienced an earthquake shock that broke dishes. No injuries were reported. Another shock was reported near Socorro, N. M., yesterday.

Inspectors of the Bureau of Health concluded the condemnation and destruction of 33,000 pounds of impure bacon in the cold storage plant of the Delaware Packing Company in Philadelphia.

The fifteenth international convention of the Baptist Young People's Union of America opened at the Auditorium yesterday, numbering with about 1,200 delegates in attendance.

The Western Passenger Association, consisting of passenger traffic managers of the principal lines, took up recognition of the bona fide of W. J. Bryan by voting to place excursion rates in force at the end of August.

Fire, supposed to be of incendiary origin, destroyed the town of Lynwood, Ind., yesterday. Damage was estimated at \$15,000. Twenty-two buildings were burned, and the town, which has a population of 1,000, was practically wiped out of existence.

An electric train, known as the Philadelphia Special, on the Pennsylvania Railroad, from Pittsburgh, collided with a freight train at Atglen, Pa., twenty-five miles west of Philadelphia. Two men were injured on the express, who were shaken up and bruised, but none was seriously injured.

Fire on the thirteenth floor of the Missouri Pacific Building in St. Louis originated in a room where old records were kept. Pipe lines were carried through the room, and the records were taken to be taken to his wife and daughter, who are visiting the country.

Mrs. Margaret Baxter, daughter of former Gov. G. W. Baxter of Wyoming, while dressing for dinner in the home of her mother, No. 2 Berkeley Square, London, yesterday, suddenly left her dress coming in contact with a light in an alcohol lamp.

A report received from Guatemala, via Yucatan, states that Alfredo Quino, a Mexican citizen, has been executed, but no details are given. Gen. Strayer, who was the cause of Miss Strayer's return from the funeral of Miss Strayer found the housekeeper's body.

Mrs. Carrie Nation was arrested at Elroy, Wis., in connection with the murder of Millie Ellison at Minneapolis, shot while drying laundry. Her arrest was made in the sum of \$2500. The warrant specifies that she deposited in the post office a publication containing an improper article.

Follett, who is accused of the suicide of his wife, was released on bond of \$2,000. The warrant specifies that she deposited in the post office a publication containing an improper article.

The directors of the London and Liverpool Orient Line, which owns the Orient, have voted to increase the Orient's surplus to \$20,000.

The Director of the Census has announced the result of the tabulation of the statistics for the manufacturing industries of the city of New York for the past year, forming a census of manufactures of 1902.

This census is confined to manufacturing establishments with a product of \$500 or over. The statement shows 20,895 such establishments, an increase of 2,000 since 1900, and an increase of over 22 per cent. The value of the product was \$1,528,523,000, as against \$1,172,870,381 for 1900, an increase of over 30 per cent.

Everybody who was on board the steamer Quincy, which ran ashore and burned near Trempealeau, Wis., will be saved.

Brookings telegraphed to the San Francisco and Cape Haytien, the cable terminus in Santo Domingo, are reported to the Navy Department by Commander Southerland, an almost invariable sign of revolutionary trouble there.

A west-bound freight train on the Southern Railway was derailed yesterday at the Jackson Mine siding, eight miles west of Petersburg, Ind. John B. Fanning, fireman, and Luther Capehart, brakeman, were killed, and W. B. Williams, engineer, was fatally injured.

The Juvalia, Colorado, and other States, was vigorously condemned at the annual convention of the Interstate Sheriffs' Association, in Des Moines, at which 100 sheriffs from sixteen different states were present.

Dr. Charles D. Tenny, formerly of Imperial Chinese University at Tientsin, and recently appointed by Vice-Admiral Yuan Shih Kai as Chinese minister of Education, arrived at Victoria, B. C., charge of forty young Chinese to be educated at American colleges. They will go to Cambridge, Mass. Thirty Chinese are dispatched by the Government; others pay their own expenses.

WIFE DESERTER FACES CHARGE.

Dr. W. S. Parker Surrenders to Local Authorities.

Mysterious Woman in Case Cause of Tragedy.

Long Chase of Police Results in Final Capture.

Dr. W. S. Parker, formerly proprietor of the Pasadena Dental Parlor, corner Fifth and Broadway, who left his wife and family last April and went away, accompanied by a woman with whom he is said to have been in

DR. W. S. PARKER.

Submitted, gave himself up to the police yesterday.

He first went to Silver City, N. M., where he left here and remained there for some time. Recently he returned to this city.

Yesterday he heard that there was a warrant out for his arrest, charging him with failure to provide for his family, and he immediately surrendered. His friends came to his rescue, and he spent only a short time in jail, being released on bail.

At one time Parker owned a home in Santa Barbara and came into the city every day to his business. His wife and their two children were well provided for and the family was a happy one until Parker met a woman who, the police say, conducted a lodging-house in this city.

PARKER SELLS HIS HOUSE. The man is alleged to have spent a great deal of money on the woman, and finally sold the house in which his family lived without telling his wife. He sent her to visit her sister, who lives in Spadra, and when she returned he was gone and the little home had been sold.

Prantic with grief, Mrs. Parker appealed to the police for aid in locating her missing spouse. Assistant City Prosecutor Eddie informed the police that the man was a gambler and warrant, charging the man with failure to provide. The police thought they had located Parker with the woman in hiding in a lodging-house on South Main street, but when they attempted to capture the pair they found the room they were supposed to be occupying empty. The couple had left the city, it is believed, the day before the raid by the police. Mr. Eddie traced them finally to Silver City, and Parker was watched while there.

WANTED DIVORCE.

The dentist attempted to secure a divorce from his wife while in Silver City. Prosecutor Eddie informed the authorities there of Parker's actions and the divorce was granted.

In order to get the decree it would have been necessary for Parker to swear that he had been a resident of the Territory for one year, and this would have constituted perjury. Parker denied that he was ever known and disappeared from Silver City.

His whereabouts since then has been a mystery, and when he was discovered in Los Angeles several days ago he was arrested and immediately sent to the county jail.

He may be induced to effect a reconciliation with his wife, and in that event the case will be dropped.

"HOLY KICKER" BEHIND BARS.

WILLIAM PRICE DRIVES MOTHER AND SISTER FROM HOME.

Arrested After Terrific Struggle, He Gives Hospital Physicians Much Trouble and Will Probably Be Sent to Insane Ward—Many Complaints Reach Police.

After driving his mother and sister from the house, William Price, one of the "holy kickers" residing at No. 429 Turner street, was arrested and locked up in the City Jail as insane early yesterday morning. He had returned home from the "kicker's" meeting on Azusa street shortly after midnight, thoroughly trashed, beat up, and apparently refused to confess the alleged faith of the sect to which he belonged, and so he drove them out of the house.

The police found Price lying on his back on the floor of his bedroom kicking his heels into the air and shouting at the top of his voice: "It is great to be with the Lord, praise His name! It is great to be one of the chosen of the Lord!" The officers succeeded in quieting him only after a terrific struggle.

The police say that since Price became a "holy kicker" his mind had been affected and that he has subjected his mother and sister to shocking scenes of trashing before they refused to confess their sins and join the "kickers". He is said to have beaten both his mother and sister several times, and for several weeks they have been living in constant terror of him.

In the receiving hospital Price has given the surgeon a great deal of trouble, and will probably be sent to the County Hospital today to be cared for in the insane ward.

His mother and sister have appealed to the police for protection from the man and ask that he be held in restraint.

Complaints regarding the "holy kicker" continue to pour in on the police, and the department is at a loss to know what to do in the case.

GHOST OF BERGES.
Report That Smooth French Jew Had Been Seen Temporarily Haunts Hopes of Many Victims.

A report that Fernand Berges had been seen on the street yesterday sent a thrill of expectancy through the frames of the colony of victims who had intrusted the smooth French Jew with jewels and money, reaching a total variously stated at from \$25,000 to \$75,000. The report proved to be unfounded.

The Sheriff is looking for the fellow on a warrant charging him with embezzlement. Telegrams were sent to Yuma, El Paso, and many other places yesterday, an effort to find the Frenchman, who is supposed to have made for the Mexican or Canadian border.

The story is, yesterday's Times of the disappearance of the "smooth financier" was the first intimation to many of his victims that Berges had any intention of breaking his promise to pay them royal profits on the "fixed bonds" he was supposed to have bought with the money that flowed freely into his hands. Many new victims made their losses known.

So smoothly operated the clever fellow that he trifled some of the most prominent business men on Alis and other streets in the Eighth Ward. He simply hypnotized them into giving up money and jewelry under security. Women of the demi-monde, too, were victimized in large numbers, together with their male consorts, who raised a loud wail yesterday over their losses.

One workman who had been warned by a salaried keeper not to have any dealings with Berges was so impressed with the Frenchman's promises of quick and enormous returns on his "investment" that he gave up \$200 more a little later, all the man possessed. He had not since seen the color of the money and is distracted.

It was stated yesterday by one of the authorities present during the case that it would be found that the sum would amount to at least \$75,000, for which the victims have not a thing to show. Many of the losers never will make known their shortages.

WILL CALL STRIKE "OFF."

Totemite to See Erection of Another Tombstone in Official End of Bakers' Walk-out.

The silly strike of the union bakers of Los Angeles probably will be cleared "off" tomorrow night, although it really was off half an hour after it started, when the employers had taken steps to fill the places of the misled dupes of the walking delegates, persuaded to believe they could enforce a boycott on Globe flour and unbolt every shop in town.

It turns out that the national organization of the bakers has declared the strike unauthorized and has told the strikers to make the best terms they can in rejoining their positions. The man in command of the workmen have been reinstated especially those with families. The lawsmiths and the trouble-breeders generally will be hired, unless at the next meeting of the employers.

One consequence of the strike has been to raise the nasty, sticky union label on the backs of breads turned out which now have thrown off the yoke. It is declared that the two small union shops will more than supply the demand for totem-made bread.

HUBBY PAYS RIVAL'S FINE.

Mrs. Walter Hull Returns Home and Elmyr James Promises to Leave City.

Mrs. Walter Hull effected a reconciliation with her husband yesterday and then the Hulls made arrangements to pay the fine of the man who was charged with breaking up their home, temporarily. Mrs. Hull accepted the attentions of Elmyr James for four months and wanted to stop with him, was the complaint of the husband. Fearing that her husband would find her out, she had fled from the city. James went to the Hull home and demanded of Hull where his wife was. Hull did not know and James raised a disturbance and, it is said, drew a revolver. He was arrested and fined \$25 cash or twenty-five days in jail. He did not have the money and had served one day of the time when Mrs. Hull returned to her home in Pasadena where she had been in hiding. Her husband received her with open arms.

Hull agreed to forgive and forget all and pay James' fine providing the man would immediately leave the city and never again have anything to do with Mrs. Hull.

James promised.

COTTAGE DESTROYED BY FIRE.

Fire of unknown origin completely destroyed the home of Mr. C. D. Wilson, colored at No. 1621 East Broadway street, about midnight last night. Mrs. Wilson and her family were awakened by a crackling noise to find their home in flames and were forced to flee for their lives without stopping to don clothing. The fire was so long that by the time the fire laddies arrived the flames had gained such leeway that it was impossible to save the building, a six-room cottage. The house had a value of \$2000, furniture, etc., at \$500. Mrs. Wilson carried \$1500 insurance on the building and \$300 on its contents.

Five hundred delegates representing twenty-one States were present at the open session of the seventeenth annual convention of the Young People's Christian Union of the Universalist Church, held at Boston, Mass., and the Massachusetts brought greetings from the Universalist general convention.

RAILROAD RECORD.

RAILROADS IN
DESERT WAR.

Santa Fe and Salt Lake Are
Battling for Territory.

Last Fight Will Be Made on
Reaching Bullfrog.

Los Angeles Will Benefit by
Rivalry of Roads.

Out upon the desert wastes of South Valley the valiant are waging a dramatic fight for supremacy here between the rival agencies of the Santa Fe and Salt Lake roads respectively, both headed toward the rich mining country, to which objective many roads are working in hot haste.

The Salt Lake, which means Harrison and Clark, through the agency of the Las Vegas and Tonopah railway, engaged with the Santa Fe railroad, engaged with "Borax" Smith, in a race of road-laying across the burning sands of the desert to open the commerce of the west to country fabulously rich in mineral resources.

The road to make the first entry into Bullfrog and the first to establish its connections, is the one which will have the advantage in the handling of the business of the district. Smith has somewhat the greater number of miles to build, but he has the advantage of holding all the roads while the Salt Lake has been delayed by big washouts and delays in delivery of steel from the mills. Smith now has eight miles of track laid and the Salt Lake has about the same distance down.

CAUSE OF RIVALRY.

The building of the two lines instead of one was caused by a falling out of Smith with the management of the Salt Lake on freight charged on a statement of time intended for his road.

Smith started out with the original idea of building the line for connection with the Salt Lake to his home mine, the "Lila C." in Death Valley. When the first shipment of ore arrived, the management of the Salt Lake charged the full regular rate.

Smith immediately recalled his expenses and outfit and moved to San Pedro on the Santa Fe, while at the same time he had made arrangements with General Manager A. G. Smith of the Santa Fe and arranged with him for the building of the line from Ludlow to the borax mines, but beyond to the mining camp of Bullfrog to tap the extensive territory of the Salt Lake.

BENEFIT LOS ANGELES. As soon as the lines are completed, merchants and jobbers of Los Angeles will be given a free hand in the Bullfrog territory, which up to present has been San Francisco's own exclusively through Goldfield.

Smith, Borax Agent, well, of the Santa Fe, in speaking of the development of this rich region said last

"I predict for the jobbers of Bullfrog this winter a volume of trade that we never dreamt of. The completion of the railroads to Bullfrog will give them a market which will be all theirs. Completion of our line from Ludlow to searchlight, early in October, will facilitate the transportation of the ore of that camp to the big smelter located at Needles, while all line of the road of Borax Bullfrog is a sweep of land completely undeveloped but as valuable as that about Bullfrog."

FREIGHT TARIFFS. MEETING SCHEDULED. Several railway lines have appointed representatives to Chicago to attend quarterly meeting of the National Freight Bureau to be held there.

It is the most important meeting of the bureau to be held in this year, as it will be called upon to fix an entirely new freight tariff for the lines west of the Mississippi.

W. A. Clark, president of the Union Pacific Railway, after five days in the city inspecting his interests, left yesterday afternoon on the Pacific for San Francisco to meet with Mr. Yerkes, general manager of the P. & P., who is recovering from a severe attack of appendicitis which at first was mistaken for

Building took two years at \$500 a year. Contract was made for permanent lease for the erection of pressed-brick apartment houses of forty rooms, to be

built on lot on west side of Ruth avenue between Fifth and Sixth streets. Cost of building \$15,000. Work has already been commenced. McCord & Brown Co., report the sale of three lots in Hollywood Heights tract to Henry Shuhie and W. H. Noll for \$1600 each. The lots are 50x125 feet each, are on the west side of Norton avenue between Wilshire Boulevard and Eleventh street and will be used by the buyers for homes, each using seventy-five feet frontage. Building will be completed as soon as the street is completed. Two lots on Glendale avenue to S. G. Kruskow for \$450 each. One lot in Orange Grove tract to G. Kruskow for \$350. Four lots in same tract for \$450 each to A. D. Thatcher. Buyers are plentiful and property changing hands rapidly.

DOOR OPEN TO
LAND GRABBERS.TIMBER THIEVES HAVE A PULL IN
WASHINGTON.

State Mineralogist Asks Secretary Hitchcock Why He Threw Open to Entry Lands Withdrawn by President Roosevelt, and Says He Will Appeal to the Chief Executive.

The Secretary of the Interior has thrown open for public entry several million acres of land in the northern part of the State that were temporarily withdrawn by President Roosevelt in October, 1902, at the request of the Sacramento Valley Development Association and State Mineralogist Lewis E. Aubrey. This return of the lands is made in the face of the known fight that the State Mineralogist and the northern counties are making against the timber barons, who are absorbing all the valuable timber in that part of the State. Individuals holding more than 500,000 acres each of the people's land.

Aubrey has written to Secretary Hitchcock requesting information as to why these lands had been thrown open and what influence had caused him to take such action. If satisfactory explanation is not given, Aubrey will take the matter up with President Roosevelt.

Aubrey says that he has no reason for believing that the Secretary acted from other than honest motives, conceived by reports that had been made to him by subordinates. What Aubrey wants to know is who made those reports, and what they are. He had similar trouble with Binger Hermann several years ago. He had sent in reports to Hermann, who sent out Burke of Iowa, who remained here one month, and who reported that no information necessary, when it had taken Aubrey's deputy three months to collect the information on which his report was based. The result was as expected. Burke reported to Hermann, and wrote Aubrey that his report was all wrong, and not a true statement of facts. Hermann then threw open a tract for entry. Aubrey at once appealed to President Roosevelt, who said he was on the ground within ten days. Prosecution and conviction of the Oregon land thieves followed, and that work is still going on.

GRABBERS IN LAND OFFICE.

Aubrey has no hesitancy in saying that he has every reason to believe that the timber grabbers have representatives right in the General Land Office, and that it was within the possibilities that there were occasions in which the secretary never saw reports that were mailed to him personally.

"At the time the first forest reserves were created," says Aubrey, "the agents of the timber men created considerable opposition among residents of the northern counties and to almost all man forest reserves were opposed; but, as miners and stock raisers have familiarized themselves with the forest reserve policy, they realize that it is their only protection. As to the timber, I believe lands just opened for settlement, I am yet in the dark, but it was not on account of appeals from the residents nor officials of the counties of Shasta, Trinity, Siskiyou, Humboldt, and Del Norte that the land is located. I have written to the Secretary of the Interior for information as to why these lands were thrown open and the influences that caused his action.

VITAL INTEREST TO STATE.

"This forest problem means more to California than all other interests combined, and it is high time that the people awoke to the danger of large holdings of timber land in individuals. The preservation of our forests should receive more consideration than any other natural resource of the State.

"Going back to the original industry of the State under American occupation, the timber is absolutely necessary to the mines of low-grade ore. Vast bodies of this ore can be worked at a profit with timber at hand and with cheap power; take away these and you destroy a great part of the mining industry, and take the livelihood away from thousands of men and their families. The acquisition of our forest lands by timber speculators will do this.

"Then, again, the preservation of the forests is absolutely necessary for the conservation of the water supply. Go to the Northwest country on the Pacific Coast, and they will tell you there how the denuding of the timber lands has reduced the rainfall and prevented the storing of the snowfall against the summer's drought. With the reduction of the snow in the mountain regions the power which these generate will be greatly reduced or stopped altogether. Then what will become of the mines using cheap electric power and the factories that are being operated in the cities of the Northwest? The result of the destruction of our forests, with the reduced rainfall and failure of the irrigation supply, may be carried on into the farms and orchard, so it may be readily seen that the preservation of our forests is of vital interest to every industry in the State."

TAXING THE TIMBER THIEVES.

Under recent legislation the timber lands for taxation averaged about \$2.50 per acre, although there might be \$500 worth of timber to the acre. Since T. R. Walker, with his \$500,000 and more acres in the northern belt, and other grabbers have been assessed by some counties at the rate of \$8 per acre, they have begun looking around for help.

They have offered stockmen the privilege of grazing on their principalities if the stockmen would pay one-half the taxes. But the stockmen are not willing to their terms. If the Assessors of the northern counties continue as they have begun and keep up the assessment they will aid greatly in the fight the State Mining Bureau is making against the timber lords and barons.

HIGH, SIMPLE, BEAUTIFUL—LIKE THE ATHENS OF OLD.

A Suburban Residence City

No place so desirable for your permanent home as Athens. Located on the crest of the only hill between Los Angeles and San Pedro, this beautifully laid-out city commands a view of all Southern California from the mountains to the sea is removed from the dust and heat of the city—yet readily accessible, with quick, frequent car service. Protection for the man who erects his home here—restrictions that ensure beauty but work no injustice to any purchaser. And every convenience of city life—nothing is being overlooked in the development of Athens that will add to the comfort and enjoyment of those who make their homes here.

Lavish Improvements

Nine miles of one hundred foot boulevards, with central parkways, now being graded at Athens. Cement walks and curbs now being laid. Telephones, electric lights, plenty of pure artesian water. The Athens plan includes open squares, parks, etc. Thousands of dollars have been spent, and are

Heart
Weakness

The action of the heart depends upon the heart nerves and muscles. When from any cause they become weak or exhausted, and fail to furnish sufficient power, the heart flutters, palpitates, skips beats; and in its effort to keep up its work, causes pain and distress, such as smothering spells, short breath, fainting, pain around heart, arm and shoulders. The circulation is impeded, and the entire system suffers from lack of nourishment.

Dr. Miles' Heart Cure makes a heart strong and vigorous by strengthening these nerves and muscles.

"I had palpitation and pain around my heart, and the doctor said it was after taking six bottles of Dr. Miles' Heart Cure, three bottles of the Nervine and Liver Pills, am entirely cured and feel better than I have for five years, and I want you to know that your medicine cured me. It relieved me from the pain in my chest, and the pain in my legs, and I feel better even after I quit taking it." JOHN H. MURRAY.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

Classified Liners.

Times "Liner" Advertisers—Important. Note Change in rate for Sunday classified advertisements. Commencing Sunday, October 1, 1905, the rate for Sunday "Liners" was raised to 1½ cents per word for each insertion; minimum charge, 25 cents, as at present. This slight advance is amply justified by the present Sunday circulation of The Times, which averages over 70,000 copies. (When the 1-cent rate was established in 1903, the Sunday circulation was only 14,000 copies.) The "Liner" rate for the daily—1 cent per word—will stand as at present.

Telephone your want advertisements. Ring up "The Times" any time of day or night, and secure prompt and careful attention. Rates one cent a word each insertion in the Daily; 1½ cents per word in the Sunday edition; minimum charge, 25¢.

"Liner" (classified) advertisements for Sunday insertion received over the counter or by telephone after 11 o'clock Saturday nights will be inserted under heading "Too Late to Classify."

MRS. HART LETTER'S

BY THE ASS

PITTSBURGH, July 12.—Mrs. L. Martie went to the stand to defend herself against the suit for \$10,000 which was filed by her husband, Auguste Hart, against the millionaire paper manufacturer, Mrs. Conklin, who had left him.

Mrs. Conklin had gone to Los Angeles yesterday, and intends to remain through the summer.

She is only on a vacation trip, however, for in the autumn she will return to the metropolis, where she has an excellent situation as soloist at the

MUSIC AND THE STAGE

No Los Angeles musician of extended residence here fails to remember Miss Sybil Conklin, pretty girl and delightful singer who went East early last year and has not been seen since.

Miss Conklin had intended to remain with her husband when the trial of the suit was resumed today.

Mrs. Martie went on the stand as a witness in the testimony of Edward Hart, the New York expert, repudiated the statement that she gave last week, a copy of the authorship of the "Sunburst" letter.

This letter is one of the "standard letters" in the case, and is one of the letters in which the experts for Hart and Martie agreed on the assumption that Mrs. Hart wrote the famous forty letters.

EXPERT TESTIFIES.

Expert Carvalho, who followed Mrs. Hart to the stand, testified that he wrote the letter which Edward Hart found in the ashtray in the Hart's home, and also wrote others of the letters.

Apparently the testimony disclosed that secured a hurried adjournment until 2 o'clock.

After an adjournment of a week the handwriting experts tried to resume the forty letters introduced in the Hart divorce case by the plainclothes man and alleged to have been written in the respect. Mrs. Mary Scott, the widow, the taking of whom was recommended before Judge

the attorney for Hartje, and the stock of pianos consists of WEBER, A. B. CHASE, KIMBALL, SCHUMANN, PEASE, FOSTER, ARMSTRONG, WHITNEY, HINZEL, Etc. Etc.

All these are regular goods, brand new and must be sold at once. It is not necessary that you pay all cash, but we are making a special bid for your money. Those who want from \$10 to \$50 cash will reap the benefit.

It has been just one year since the Bartlett Music Co. has made a "Special Sale." The public knows what it means when we advertise a sale.

They know there is a good reason for it and the prices which we quote are always lower than the goods can be bought for anywhere else.

Everyone knows WEBER pianos. We have sold these instruments in this city for more than 30 years, and there are more WEBER pianos in use by musicians in this city than any other high-grade piano.

The A. B. CHASE piano is a prime favorite with all who know what a really fine instrument is.

The KIMBALL is world-famous and there are no disatisfied owners of KIMBALL pianos.

Last year we made a special price on two carloads of PEEWEE Grand pianos. During this sale we will duplicate the price which we made at that time, viz.: \$555.

Think of it! A beautiful mahogany Baby Grand, only 5 feet 2 inches long, and with the tone of a giant, which we are selling at \$750, being offered for \$555.

We have a dozen of these beautiful instruments on show in our Grand Piano Parlors and they must be sold. Our store is open every evening. We are crowded to the doors. We have three floors of pianos and every one a bargain. There is not one piano in the store that has not been reduced in price and a great many are marked at one-half their actual value. In addition to the new stock which we offer at these remarkably low prices, there are quite a number of rental pianos which have been marked at correspondingly reduced prices, allowing for the use which they have had.

If you have any possible use for a piano, see us at once and we will do the rest.

\$2 FOR \$1

An Extraordinary Offer by the Bartlett Music Co. Standard Makes of Pianos to Be Sacrificed at One-Half Price During This Week.

For every dollar paid as first payment up to \$50 on any new piano we will give a receipt for twice the amount during our great

July Premium Sale

This startling proposition should sell the 250 pianos we offer during the month of July even though there were no reduction in price. However, we have decided to quote the lowest prices on all these pianos that have ever been made in this city.

For instance we will sell during this sale a high-grade piano, standard make with ivory keys, double veneered case, beautiful tone, for \$252.

A little finer style of piano which sells the world over for \$450 will be sold at \$238, while a good instrument, durable in every way, will be sold for as little as \$209 and \$167.

The terms on these pianos will be as follows: \$10 to \$50 cash payment and the balance in small monthly payments, bearing our regular rate of interest.

For every dollar which is paid during July as first payment, we will give a receipt for twice the amount. For instance, if you pay \$10 down, you will get a receipt for \$20 to apply on the extremely low prices quoted above. Should you pay \$50 in cash, you will get a receipt for \$100.

Never was such a proposition made by anyone anywhere.

Our stock of pianos consists of WEBER, A. B. CHASE, KIMBALL, SCHUMANN, PEASE, FOSTER, ARMSTRONG, WHITNEY, HINZEL, Etc. Etc.

MILLION OF DO IN MOOTED

BY DIRECT WIRE TO

ONDON, July 12.—Exclusive Dispatch.—Several American financiers now in London have been induced by official sources that a deal of \$10,000,000 for the lease of Great Northern Railway Company's lands to the United States Corporation has been consummated.

The dedication of the new organ of the Third Presbyterian Church at Adams street near San Pedro will be made this evening. Edward A. Miller, organist of the church, will be at the organ.

Mrs. Fuller will have the audience of Mrs. Leslie Merrick, soprano; Overton, violinist, and William Blatner, cellist.

The programme contains musical numbers, including Schubert's fourth sonata, Bach's prelude and fugue in C minor, transcriptions of orchestral classics and selections of the works of such modern masters as Dunham, Deshayes and Widor.

EDWARD SWEEPING, another victim of the drowning, has arrived in England. He arrived in the same boat as his mother, who was washed away during her absence. It is a matter of unusual depth and expression, with a rich and sympathetic quality.

One of the features in the coming production of the Cottrell-Moss play, "The Halfbreed," will be the appearance of actress Gladys Cooper, who has been noted as one of the cleverest character actors in the stock work.

Master Glazier has also at one time reputation for success with such productions as "Little Little Girl" and "The Halfbreed," in which the only other participant is Ross Kennington, (William Demarest).

President Charles Hathaway has the affair in charge.

Horse's Kick Breaks Man's Leg.

B. A. Dilley of Fifty-first and Compton avenue was taken to the Receiving Hospital yesterday, suffering with a broken leg. He had been riding for the Pioneer Truck Company and while harnessing a vicious horse the animal kicked him, fracturing his leg. The fracture was reduced by the Police Surgeons and Dilley was removed to the hospital.

Kinkaid Takes Outing.

Patrolman E. J. Kinkaid, who has been confined to his home for six weeks with an affection of the liver, will go to Catalina tomorrow to spend a week. It is hoped that the trip will strengthen him for the operation which he has to undergo upon his return and which is so serious that the surgeons fear their patient has little chance of recovery.

Briceo Died Natural Death.

The jury in the inquest held yesterday morning over the body of James Briceo, 21, died last Wednesday afternoon, found that a violent heart trouble was the cause of death. It was thought that Briceo had been beaten by a gang of gypsies camped on East Thirty-third street near the river, but Dr. Clegg could find no evidence that this was the case. Briceo had been in a fight on Sunday, but was not injured.

Fenger Obscures.

The inquest of J. A. Fenger was held from Booth & Boyson's undertaking establishment yesterday morning, and the remains were interred in Rosedale Cemetery. Mr. Fenger was a well-known traveling man, and was also an honored member of the Elks and Native Sons organizations. Some time ago he came to Los Angeles for his health. His death occurred on Monday at his home, No. 211 East Washington street. He leaves a widow and young son. Bicyclist Injured by Car.

While riding a bicycle yesterday morning, Eldridge Roberts, a young man, was run down by a Maple avenue car near the corner of Main and Macy streets. He was thrown from his machine, a broken right leg, a split knee-cap and many severe contusions. He was unable to tell how the accident happened. Witnesses state that he ran directly in front of the car. His injuries were treated at the Receiving Hospital. It is believed he will recover.

"Buskies" Outing.

Members and friends of the Ohio societies of Southern California will enjoy their annual outing on Saturday at 10 a.m. Delegations from Los Angeles, Pasadena, Long Beach, Riverside, Redlands, San Bernardino, Highland and other towns will attend. There will be addresses in the afternoon and a grand ball in the evening. The cost of admission will be made up at Riverside, Highland and Redlands, and the railroads will make a single-fare rate with stop-over privileges until Monday. Dr. A. M. Duncan, No. 211 Grant building, and Dr. Bill No. 1, First Street building, have charge of arrangements. Woman Dies in Bath-room.

Mrs. J. Painter was found dead at 4 o'clock yesterday afternoon in the bathroom of her home at No. 1531 Alabion street. It is believed that death resulted from apoplexy. She had been dead several hours when discovered by other members of her family who had spent the afternoon with her. Mrs. Painter is the wife of a Southern Pacific employee and her husband is out on the road. He was notified of his wife's death and is expected to reach this city early today. The coroner took charge, and will hold an inquest.

Russian Boy Burned Severely.

Osipoff Silfop, a Russian, aged 11, was seriously burned yesterday by the igniting of a can of oil he held in his hands. The boy was alone in the house, his parents being at No. 560 Alabion street and secured some oil on the floor in the kitchen stove to make it burn better. The blaze ignited the flint in the can and the lad was enveloped in flames. He ran into the back yard, where some neighbors rushed to his rescue and smothered the flames with sacks. The lad was hurried to the Receiving Hospital where his injuries were treated. The Police Surgeon found that he had been burned over half of his body but thinks that he will recover.

POLICE SELL JUNK.

Patrolman Craig Acts as Auctioneer and Pension Fund it Increased by \$425.

The annual sale of goods confiscated by the police and unclaimed articles left with the department was yesterday held at the Central Police Station. Patrolman Charlie Craig acted as auctioneer, and accomplished wonders. He managed to dispose of a large quantity of junk, including everything the property clerk could lay his hands on, the result that the police pension fund was swelled by \$425 by his efforts.

Property Clerk Cottle had on hand seventy bicycles and a large quantity of second-hand articles. Most of the bicycles were worth so little that their owners had left them in the streets. Some of them had been too far from the Central Station to get their property.

Craig sold a box full of broken, rusty revolvers for \$5, and his brother officers are wondering how he managed to turn the trick. They say he missed his calling.

BURGLAR SUSPECT ARRESTED.

B. A. Dilley of Fifty-first and Compton avenue was taken to the Receiving Hospital yesterday, suffering with a broken leg. He had been riding for the Pioneer Truck Company and while harnessing a vicious horse the animal kicked him, fracturing his leg. The fracture was reduced by the Police Surgeons and Dilley was removed to the hospital.

Prattman Kinkaid Takes Outing.

Patrolman E. J. Kinkaid, who has been confined to his home for six weeks with an affection of the liver, will go to Catalina tomorrow to spend a week. It is hoped that the trip will strengthen him for the operation which he has to undergo upon his return and which is so serious that the surgeons fear their patient has little chance of recovery.

Briceo Died Natural Death.

The jury in the inquest held yesterday morning over the body of James Briceo, 21, died last Wednesday afternoon, found that a violent heart trouble was the cause of death. It was thought that Briceo had been beaten by a gang of gypsies camped on East Thirty-third street near the river, but Dr. Clegg could find no evidence that this was the case. Briceo had been in a fight on Sunday, but was not injured.

Fenger Obscures.

The inquest of J. A. Fenger was held from Booth & Boyson's undertaking establishment yesterday morning, and the remains were interred in Rosedale Cemetery. Mr. Fenger was a well-known traveling man, and was also an honored member of the Elks and Native Sons organizations. Some time ago he came to Los Angeles for his health. His death occurred on Monday at his home, No. 211 East Washington street. He leaves a widow and young son.

Bicyclist Injured by Car.

While riding a bicycle yesterday morning, Eldridge Roberts, a young man, was run down by a Maple avenue car near the corner of Main and Macy streets. He was thrown from his machine, a broken right leg, a split knee-cap and many severe contusions. He was unable to tell how the accident happened. Witnesses state that he ran directly in front of the car. His injuries were treated at the Receiving Hospital. It is believed he will recover.

"Buskies" Outing.

Members and friends of the Ohio societies of Southern California will enjoy their annual outing on Saturday at 10 a.m. Delegations from Los Angeles, Pasadena, Long Beach, Riverside, Redlands, San Bernardino, Highland and other towns will attend. There will be addresses in the afternoon and a grand ball in the evening. The cost of admission will be made up at Riverside, Highland and Redlands, and the railroads will make a single-fare rate with stop-over privileges until Monday. Dr. A. M. Duncan, No. 211 Grant building, and Dr. Bill No. 1, First Street building, have charge of arrangements.

Woman Dies in Bath-room.

Mrs. J. Painter was found dead at 4 o'clock yesterday afternoon in the bathroom of her home at No. 1531 Alabion street. It is believed that death resulted from apoplexy. She had been dead several hours when discovered by other members of her family who had spent the afternoon with her. Mrs. Painter is the wife of a Southern Pacific employee and her husband is out on the road. He was notified of his wife's death and is expected to reach this city early today. The coroner took charge, and will hold an inquest.

Russian Boy Burned Severely.

Osipoff Silfop, a Russian, aged 11, was seriously burned yesterday by the igniting of a can of oil he held in his hands. The boy was alone in the house, his parents being at No. 560 Alabion street and secured some oil on the floor in the kitchen stove to make it burn better. The blaze ignited the flint in the can and the lad was enveloped in flames. He ran into the back yard, where some neighbors rushed to his rescue and smothered the flames with sacks. The lad was hurried to the Receiving Hospital where his injuries were treated. The Police Surgeon found that he had been burned over half of his body but thinks that he will recover.

It is reported that a plan already has been evolved by the McLachlan forces whereby they hope absolutely to control the convention.

CHOOSING OF DELEGATES

Delegates to the convention from Los Angeles and Pasadena will be elected in accordance with the primary law, while the Congress Committee will determine the method of selecting delegates from the outside or so-called country districts.

The report has gained currency that certain members of the committee will seek to name the delegates from the outside districts, and with a majority of the committee favoring one candidate or the other, delegates could be chosen to nominate the man desired by the majority. In this instance, the intention is said to be to "stack" the convention for McLachlan, whether the voters of the outside districts desire it or not.

This question is adverted to by Mr. Mathews in his letter of acceptance. He expresses the opinion that proceeding intended to defeat the election of delegates who might be favorable to his candidacy "would be an unjust and so un-American that I do not believe it would be sanctioned by a majority of the committee or submitted to the people."

If the members of the District Committee should be so unfair and shortsighted as to do the dodge that has been suggested, the result would prove a boomerang; the country districts would resent it as a reflection on their manhood; they would not tamely submit to such a dodge, and would protest in Los Angeles, and would insist on their rights. It is doubtful if the adherents of McLachlan will dare to enter into such a conspiracy against the Republican voter of the small towns of the district, as such a combination could excite a greater prejudice against McLachlan himself.

Luther Brown, secretary of the Congress District Committee, said last evening: "There is no word of truth in the report that the committee contemplates appointing the delegates for the country districts. It is all an invention of the Evening Record. The committee is composed of honest men. The delegates will be chosen by precinct primaries and Assembly District conventions. Not one will be appointed. The committee will be unanimous."

There will be about 129 delegates in the convention, of which 75 will be from Los Angeles, 20 from Pasadena and adjacent territory, and 34 from the remainder of the district. With 129 delegates, 65 would be necessary to a choice.

LETTER OF ACCEPTANCE

The letter of Mr. Mathews is as follows:

LOS ANGELES (Cal.) July 12, 1906.
To Messrs. H. T. Lee, R. J. Waters,
M. H. Newmark and others—Gentlemen:

I beg to acknowledge receipt of the communication signed by you, inviting me to become a candidate for Congressman from this district.

JUNK OF WAR HELD BY JAPS.

International Question of Marine Law Raised.

Locally Owned Pirate-Chaser Has Been Pinched.

Whang Ho in Limbo in Kobe Harbor Cinched.

The Whang Ho, the Chinese Imperial war junk, one-time chaser of slant-eyed pirates in the Far East, but now the property of a number of enterprising Los Angeles business men, has been detained in the harbor of Kobe, Japan, by orders of the Chinese government.

The war junk was purchased by Americans organized as the Whang Ho Company, and was to have been ex-
-ploited as a curiosity off the local coast.

Its purchase for a good round sum from the Chinese government was the signal for placing every possible obstacle in the path of getting the famous war junk from Chinese waters to the Pacific Coast, with the result that the powers that be in Washington have been appealed to and a fine point of marine law raised.

Expecting some knotty question as to papers when the junk reached San Pedro harbor, the representatives of the Whang Ho Company had importuned Senator Flint in Washington to explain the question to the proper authorities and have, orders issued

permitting the junk to make a landing in this country.

This explanation of the character of the Whang Ho was more difficult than expected, and objections were encountered from Chinese sources.

William M. Milne of No. 1423 Market Street, with the representative of the Whang Ho Company who succeeded in purchasing the war junk from the Chinese government. He has made many trips to China and was familiar with the roundabout way in which this kind of quasi-public nature is transacted in the empire.

GOT TITLE TO JUNK.

Several audiences with the Viceroy of Nanking were necessary before an order permitting the sale of the junk was made. In the meantime Milne had been referred to the Viceroy of Canton, and from that gentleman back to the Viceroy of Nanking. Finally, armed with the permit, Milne paid over his good American gold and secured title to the junk.

He immediately manned the junk with eight sailors and placed them under the command of Capt. Hans Borg, a Danish seaman of some note.

Troubles began to multiply. Milne applied for clearance papers for his junk so that it might be set up along the coast of the Pacific, but the Chinese authorities refused point blank to grant the papers.

QUAKE FAILS TO HIT SALES.

Increase in Business Property Deals in Period Susceptible to Bad Influence.

Earthquakes in San Francisco apparently are a fine thing for the Los Angeles real estate market. Instead of a depression that was expected here after the northern disaster, the records show that, in the period directly susceptible to influence by the catastrophe, the volume of trade in business property increased about one-third over the same period last year.

Every month of this period—April, May and June—shows a remarkable increase over last year, the total for the three months in 1905 being \$7,072,300 and for the same period in 1906, \$9,654,866, or an increase of \$2,582,566 for this year.

The figures, compiled by Julius Black of Black Bros., and presented to the Realty Board as advance information from the record of business property sales in 1906, are as follows:

Total sales, April, 1906, \$2,357,500; 1906, \$4,032,884; total sales, May, 1906, \$2,785,375; 1906, \$3,060,125; total sales, June, 1906, \$2,929,325; 1906, \$2,080,597.

BACKS BEFORE RUNAWAY.

Fire Chief Daringly Stops Rushing Horses With His Buggy, Possibly Saving Lives.

Fire Chief Lips figured conspicuously in an exciting and dangerous runaway yesterday forenoon. His presence of mind probably prevented a serious accident and enabled the crossing policeman to stop two frightened horses.

Lips was driving slowly along Broadway when two frantic horses, attached to a delivery wagon with the neckyoke dangling on the street, came tearing up Third on a wild gallop. J. C. Way was on the box, but the horses were beyond control and dashed past vehicles and cars on the crowded street. The Fire Chief saw the danger, and though he could have avoided a collision, he purposefully backed his heavy buggy directly in front of the runaway, and jammed the wheel of his cart against the side of the delivery wagon. The horses were compelled to slow up, and the crossing policeman stopped the team.

Without waiting for thanks from the frightened driver, who had exhausted himself trying to stop the maddened horses, Lips drove away.

In the meantime some Chinks, who believed that an everlasting insult was

RICH WIDOW BRIDE OF YOUNG PARTNER.

Saturday Mrs. Hinton told her mother she was going to San Francisco on business. She was accompanied on this trip by Miss Letteau, sister of the groom. Since her arrival in San Francisco the family has received several letters from her, but not a word of the marriage. Business associates of Letteau say he went North soon after Mrs. Hinton's departure.

The wedding took place on Tuesday at St. Paul's Church, Oakland, Rev. Alexander Aiken, pastor of that church, officiating.

Mr. and Mrs. Letteau have gone to Lake Tahoe for a short time. Upon their return they will spend the summer at Hermosa Beach.

Relations of the city were greatly surprised yesterday to learn of the marriage.

"I am much grieved to learn of it," said one, "though we had feared for her safety. I thought it might be best to speak to her about it myself, advising her, but I did not like to interfere, as she had never confided in me." She did not even confide in her mother, and Mrs. Entwistle knew nothing of the marriage until yesterday.

Mrs. Letteau is an attractive and handsome woman, and has always been popular in the society circles of the city in which she has moved.

Miss Letteau, Dumbt, Miss, and is a German by descent. She is a dark, dumpy person of pleasing manners, and has been here about five years.

Mrs. Hinton owns much real estate in the city. She and her young husband will probably occupy the residence of Mrs. Hinton at No. 1033 West Seventh street.

Ought to really to be called the intake.

The headworks just finished for the California Development Company at a cost of \$100,000 is one of the finest pieces of hydraulic engineering and cement construction in the Great Southwest. This work was begun about December 1, last, and has occupied the continued efforts of from 100 to 150 men, almost to the present time. The undertaking was one beset by peculiar difficulties.

This new intake is situated wholly within the United States. Indeed, at some little distance above the International boundary line. It is where the Colorado River runs along near the international boundary line, which

SUMMARY OF THE DAY.

The Council committee of the whole is considering the advisability of including all the territorial business. The northern city limits and San Pedro and the special annexation election call. A million dollars will be lopped off department estimates for the present fiscal year by the Council Finance Committee.

City Auditor Schwabe has tried \$50 of fat out of the bill for music furnished at the parks on the Fourth of July.

Land owners yesterday lost a suit brought to oust two Chinese lessors from a ranch, the complainant alleging that the Moaghs had damaged seventeen eucalyptus trees by boring holes in them, which the Auditor termed "too much fat."

The stenographic notes taken while A. Lincoln was talking to the Auditor records that the band purveyor said he was not receiving a cent of what his distinguished namesake said about fooling the people, etc. The bill he presented to the City Auditor was one which the Auditor termed "too much fat."

The stenographic notes taken while A. Lincoln was talking to the Auditor records that the band purveyor said he was not receiving a cent of what his distinguished namesake said about fooling the people, etc. The bill he presented to the City Auditor was one which the Auditor termed "too much fat."

In the following signed communication to The Times A. Lincoln admits that he included compensation for himself, and seeks to justify his claim to it.

It is noted that he did not say that a statement made by me in relation to the Fourth of July musical programs.

I take the whole musical feature of the city's Fourth in hand, select the musicals and have the band men to place twenty-five men in South, Westlake, Hollywood and Echo City playgrounds and lakes. The hours were to be from 2 to 11 p.m. in Echo and City playgrounds, and from 11 to 12 a.m. in Echo.

A. Lincoln is learning the virtue of making no statement without consulting the public.

Judge Smith was not impressed by Nociman's argument, and set the trial for the date named, August 7. Mr. Thompson, of defending counsel, then moved that the case be referred to Department No. 7 for trial. Judge Smith said that he thought it likely that the case would have to be taken into Judge James' court. No order, however, was made to that effect.

The murder trial of Ernest G. Strecke was yesterday set for August 7, and though his counsel objected, Judge Smith refused to grant an extension of time. The trial may be held in Judge James' court.

AT THE CITY HALL COUNCIL KNIFE WILL CUT DEEP.

ESTIMATES MILLION DOLLARS GREATER THAN RECEIPTS.

Not More Than Thirty New Officers for Police Department—May Lease Semiplex Hospital to Juvenile Detention Home, Thereby Cutting Down Expenses.

Closing up the old year and preparing for the new, the Finance Committee of the Council is making an effort to spot petty grafts that have heretofore passed unnoticed or unnoticed. The members of this committee are proud of the record they made last year in bringing the city through a turbulent season with money in the treasury. They hope to do even better this year.

It is the first time for a number of years that the city has pulled through successfully without some franchise sales to make up deficits in department overdraws. During the last year there was nothing doing in the way of franchises; that was all stopped when the city placed a twenty-one-year franchise amendment in the charter.

The franchise amendment was aimed at the city administration. It is now evident that the department estimates will be at least \$1,000,000 greater than the probable income. The Finance Committee must decide at the beginning of the year where to cut and where to withhold the knife.

Here are a few reductions that are now under consideration by the committee:

The police board has recommended increasing the force by adding sixty patrolmen. The committee will very likely recommend that but thirty be added.

The street department estimate is \$1,000,000 greater than last year's budget.

The police will probably provide for an increase of but \$50,000.

Some disappointments are due in the health department. The health board will like to see a new hospital established for the crippled hospital in Chavez ravine. This would increase the cost of the department several thousand dollars, but the medical staff will very probably have to wait until next year.

Just now there is a movement on foot to convert the smallpox hospital that has never known a patient into a juvenile detention home.

The work of the Finance Committee is strenuous. This is likely to be reduced by the Board of Public Works and by the Council to less than half a million dollars.

Just now there is a movement on foot to convert the smallpox hospital that has never known a patient into a juvenile detention home.

The work of the Finance Committee is strenuous. This is likely to be reduced by the Board of Public Works and by the Council to less than half a million dollars.

The estimate of the fire department is \$1,000,000 greater than last year's budget.

The police will probably provide for an increase of but \$50,000.

Some disappointments are due in the health department. The health board will like to see a new hospital established for the crippled hospital in Chavez ravine. This would increase the cost of the department several thousand dollars, but the medical staff will very probably have to wait until next year.

EVENTS IN LOCAL SOCIETY.

A SURPRISE to many friends is the announcement of the engagement of Miss June Nutting, the charming young soprano singer of the First Presbyterian Church, and Will Barnhart, brother of Harry Barnhart, a well-known musician.

Miss Nutting and Mr. Barnhart have been guarding their secret carefully, but somehow the news leaked out a few days ago and they are receiving congratulations. The marriage will probably take place within the next three months. Miss Nutting is just recovering from a long illness and has been unable to sing in the church. Mr. Barnhart is a graduate of the medical college of the University of Southern California. He sings in the choir of the Central Baptist Church, and possesses a lyric tenor voice.

Miss Nutting is a Los Angeles girl, a daughter of Mr. and Mrs. James C. Nutting of No. 262 East Third street. She was also a student at the university, and it was there that the couple first met, their artistic tastes drawing them to each other.

Laughlin's Return.

Mr. and Mrs. Homer Laughlin and their daughter, Miss Gladys, of No. 66 West Adams street, have returned from a four months' Oriental tour and are glad to be home again, notwithstanding an unusually perfect vacation.

They went from San Francisco to Honolulu and from there to Japan, where they were during the cherry blossom season, when the land was covered with millions of cherry blossoms. From Japan they proceeded to Shanghai, China, and other places.

Bountiful Birthday Lunch.

Mr. J. J. Meyer of Hotel Hinman was hostess on Wednesday at a charmingly appointed luncheon at the County Club given in commemoration to her mother, Mrs. George Gephart, whose birthday it was. The hostess's table was particularly attractive, decorated by Miss Forman. In the center was a tall vase of Japanese lilies, continuing in the center of a misty mass of pale pink and green tulle, over which sprays of ferns and lilies fell. The smaller tables in the room were ornamented with variegated pink and white ferns and ferns and those in the music room were decorated with bowls of pink carnations and gypsophila. Mrs. Gephart's table was decked with a profusion of yellow carnations, ferns, tied with yellow ribbons. Place cards were ornamented with the hostess's monogram in gold.

Invited guests included: Miss Harry A. Alford, Harry Abbers, T. E. Bishop, Allan C. Batch, W. A. Barr, Arthur Bray, T. B. B. Brown, J. J. Byrne, Hancock Banning, Ernest A. Bryant, Wesley Clark, Jessie Clark, William Caswell, Guy Cochran, Adna R. Chaffee, Michael J.

MRS. NATHAN P. BUNDY,
who sang at a reception yesterday.

and church circles. He is a former resident of Chicago.

Mr. and Mrs. Martin, with their younger daughter, are spending the summer in Los Angeles. Only a few members of the family in this city and a few acquaintances were present at the wedding. The bride is popular in the younger social circles of Fresno. She is a member of the Christian Endeavor Society, First United Presbyterian Church and the Y.W.C.A. of that city. The bride and groom are passing their honeymoon at Long Beach and will return to this city for a short time, after which they will go to Fresno to reside.

The bride wore white silk with green and gold embroidery.

Mr. Cowles is connected with the Home Telephone Company, and with his bride will make his home in Sierra Madre.

University Five Hundred Club.

The University Five Hundred Club was entertained at the home of Mr. and Mrs. H. E. Pratt of No. 3020 Harvard boulevard, on Tuesday evening.

MISS JUNE NUTTING,

Widmer and Misses Mary V. Mullins, Frances Wills and Kate Spence.

In New Home.

Mrs. H. H. Hawkins and her young daughter, Miss Charlotte Hawkins, entertained yesterday afternoon with a sort of house-warming in their new home at No. 2117 Monica street. Mrs. Nathan P. Bundy and Mrs. C. M. Sharp were among the honored guests. Scarlet geraniums and ferns and palms were gracefully arranged in the dining-room and living-room, and in the hall and den hydrangeas and carnations graced an ornate floral programme. Music was contributed, including piano solos by Mrs. S. E. H. May, vocal numbers by Mrs. Bundy and Mrs. George H. Peck.

Miss Cunningham Weds.

A pretty home wedding was that of Miss Mayne Cunningham and J. O. Smith, which took place last evening at the home of Mr. and Mrs. Albert Davis of No. 1230 Newton street, with Rev. William Tubbs officiating.

The house was beautifully decorated for the wedding. The couple stood beneath a bower of green from which hung a formal wedding bell, aglow with electric lights. White flowers and ferns decked the entire home with a touch of springness to those. Little Miss Helen Davis was ring-bearer and helped the bridal party, followed by Miss Mayne Cunningham, sister of the bride and bridesmaid, and C. O. Isaacs, brother of the groom as best man. The bride was attired in a robe of champagne silk

Miss Martha Southworth assisted the hostess in receiving, and J. Burris Mitchell and Mrs. D. T. Mitchell were the fortunate winners of the first prizes. Mrs. J. B. Mitchell and C. W. Graves received the consolation prizes. Mrs. Dr. H. A. Kiefer and son are spending the month at Glen Ranch, San Antonio Cañon.

Members of the club and invited guests were: Mr. and Mrs. J. Burris Mitchell, Mr. and Mrs. E. M. Smith, Mr. and Mrs. W. E. Moore, Mr. and Mrs. T. D. Mitchell, Mr. and Mrs. Nat. Ward, Mrs. C. C. Wall, Mrs. L. H. Taylor, Miss Charlotte Brown, Messrs. C. B. Ming and C. W. A. Lewis.

Song by Ballot.

A novel entertainment was given for the Santa Ana Lodge of the Fraternal Brotherhood by Henry Bell during the past week at his country home at Berrydale. The well-known singer, George L. Richards, who recently was engaged to sing songs in seven different languages, and the guests balloted their appreciation of the compositions, the Italian ones receiving a decided majority. Miss Lange accompanied. A collection of judicious donations was made.

C. J. Cunningham, with A. E. Hoffman, left Wednesday, with their families, for Santa Barbara and Stanly Park for an outing or several days.

Master Lawrence Richards celebrated his fifth birthday anniversary at the home of his parents, Mr. and Mrs. George L. Richards, of Santa Ana.

Mrs. Horace G. Gates of No. 113 Orange street, is at Hermosa Beach for a few weeks.

Mr. W. J. Russell and son, Sidney, of Cleveland, O., are visiting Mrs. Russell's sisters, Mrs. L. C. Cooper and Elizabeth Schwartz, of No. 405 West Forty-third street. They will be joined later by Mr. Russell.

Mrs. Dr. H. A. Kiefer and son are limited for the Grand Cañon of Arizona.

Song by Ballot.

A novel entertainment was given for the Santa Ana Lodge of the Fraternal Brotherhood by Henry Bell during the past week at his country home at Berrydale. The well-known singer, George L. Richards, who recently was engaged to sing songs in seven different languages, and the guests balloted their appreciation of the compositions, the Italian ones receiving a decided majority. Miss Lange accompanied. A collection of judicious donations was made.

C. J. Cunningham, with A. E. Hoffman, left Wednesday, with their families, for Santa Barbara and Stanly Park for an outing or several days.

Master Lawrence Richards celebrated his fifth birthday anniversary at the home of his parents, Mr. and Mrs. George L. Richards, of Santa Ana.

Mrs. Horace G. Gates of No. 113 Orange street, is at Hermosa Beach for a few weeks.

SALVATION CHIEFS WED.

CAPT. AND MRS. WILLIAM HARRIS.

WEDDED with a unique ceremony which drew scores to Salvation Army headquarters on San Pedro last night were army captain Miss Pearl Luce of Prescott, Ariz., and William Harris of Santa Barbara, who plighted their troth to the accompaniment of bass drums and musical instruments.

Col. Miles, head of the western division of the army, performed the "military wedding" ceremony, and Miss Fynn, of the children's army, one of the same division, assisted.

The general officer of the army went, and the organ was notable in the annals of this local corps.

Cards were attracted by the announcement that two captains of the army had been married, and the pretty ladies with pink mantles and uniform of blue arrived, the men filled.

Many flags, bunting and other decorations were displayed conspicuously around the hall. The stars and stripes

RECORDED BY THE TIMES:

PHOENIX (Ariz.) July 11.—From news of cantaloupes in the vicinity here a crop of 250 carloads of melons is being gathered and shipped.

The season began last

month, but since that date about a

million melons have been sent off

lashed East on passenger

trains.

The melon crop is much heavier

than expected by the growers.

As a consequence, there is a shortage

of boxes essential to shipping. Ice

is being shipped from Prescott and Tucson to large factories in

the valley each day.

Tempo and time to the market.

Consequently, the market is

overrun with melons.

PHOENIX NEWS NOTES.

The Phoenix City Council, merely as

a revenue producer, it is carefully ex-

plained, without reference to any spe-

cific purpose, has passed a bill

authorizing the issuance of

certificates of gambling.

On August 13, 1846, the Americans

from the Mexicans by the Ameri-

cans forces on August 13, 1846, will be

appropriately celebrated on August 13,

and the event will be under the au-

spices of the Pioneer Society and the

Native Sons and Native Daughters.

Committees from each organization

were appointed at a meeting held last

Monday night, and the joint committee

met last evening and outlined a pro-

gramme for the celebration.

This latest tax is expected to bring

about \$300,000 a year into the city treas-

ury, in addition to about \$20,000 in

salaries, houses at the rate of \$1000 an

establishment.

There is an added advan-

tage in the fact that the crops ripen in

an "off" season, the hay and grain have

time to mature before the sugar-beet crop.

PHILADELPHIA CROP LARGE.

The city's crop of watermelons has

been in quantity and quality

as good as ever.

More than 200 tons of

melons have already been

shipped to Arizona and

the shipping season

is now over.

The Glendale beet-

ers will be in operation,

so the crop estimated at 40,000

tonnes will be far less

Mother Zuber was the banner bearer yesterday in winning scores. She demurely walked up three rows, and sat down in the thirteenth place, just below the five-figure crowd. Esther went home last night in high glee. She came to headquarters yesterday morning rather drowsy. In fact, Esther was blithely drowsy, but, she appeared. The corners of her mouth drooped the wrong way. She held an animated discussion with the scholarship manager as to whether life was really worth living, anyway. Esther was strongly of the opinion that it wasn't. The day was warm and the outlook for subscribers, in Esther's mind, was decidedly dull. However, she said she would try, and then she disappeared. About noon she returned as if there were spring in her step. She had just had breakfast, and was off again, and at 4 o'clock she walked into headquarters with chin in the air, blue eyes dancing and smile dimpling her happy face.

When her judges were seated up front, Esther found she had come third in the honor roll; she did a triumphant and graceful little walk around the book-keeper's desk. Esther has decided that life is worth living, after all. She has been up since then, till she gets out of that thirteenth row. While none of the contestants are superstitious, yet there is a tendency to give that fateful number a wide berth whenever Esther appears in the top ten thousand. Esther is planning to give her a lift before the contest is over, now is a favorable time to do it.

TOO BUSY TO REPORT. Vivian Bassett came into headquarter-

Esther Zuber

doubtless be heard from and will strengthen his position so that Miss Bertha will find it hard to break in. Esther is making a wonderful record. One of her triumphs yesterday was a new mark—the foreign points almost equaling the price of the subscription.

A CATHOLIC CONTESTANT. Mary Lallich is one of a family of five children who live on a ranch at Gardena. It is a fruit farm, and Mary puts in about half her time picking strawberries these days, and the other half she devotes to gathering prescriptions. Mary's picture in this issue shows her as she was confirmed at the Catholic Church at San Pedro, where the Lallich family are members of the "Lady Star of the Sea" Church. Mary was born in Ireland, and is a graduate college and is working at that end. She is making a good record, having brought her score up into the 2000 row and raising three places in a single day.

CALIXICO ON DECK.

Paul Steinert, the Calixico boy, was born from yesterday, and enters the 4000 row this morning, crowding Edna Walker down two rows. He is working right along, and Frank Wiggin will have to watch out a little for both Paul and Edna are after him.

Rose Leontett is within eight points of the thousand boy, and she'll crowd him down today if he doesn't take him down today. She is doing well without turning in some sort of score.

No matter how small it is, it may make the difference between holding you back or drawing down a row or two. Hold your own if you can't progress. Move with the tide—keep rising—even if it is only from being pushed up.

Glade Eastman made a great stride from thirty-seven to thirty-first row; Little Jennie Bloom, the Boston street blossom, goes up four places and Erna Lengtatt does the same.

Elizabeth McTeer, the Santa Monica girl, ascends two places, while Harry Wood jumps up one row.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

MENTED MAN IS RELEASED.

FRIENDS AT SANTA ANA COME TO HIS RESCUE.

Arrested at instigation of Mer-
chant for Obtaining Money Under
False Pretenses, He is Saved from
Jail by Placencia People—Will Go
Home for Treatment.

SANTA ANA, July 12.—B. F. K.
Shor, the Placencia rancher, who
was arrested Tuesday on charges of ob-
taining money under false pretenses,
was released last night. Friends of
Mr. Shor offered to make up for
the sum. This was satisfactory to the
Judge, James T. Ralst. As he
had no evidence of pressing a criminal
charge, the prisoner was allowed to go
home. At his request, he was sent to
Hemet, where they lived for some
months, going later to Los Angeles.
While in Hemet Mrs. McKesson was
secretary of the Current Topics Club.
The funeral was held today at Belle-
fontaine, O., her old home. Today was
the first anniversary of her wedding.

The Hemet Republican Club will
move into new quarters in the Botkin
Block on Harvard street.

THE HEMET IMPROVEMENT ASSOCIATION
has turned to consider the plans of
the Riverside County Supervisors in
regard to issuing a booklet setting
forth the advantages of the different
sections of the county. C. T. Stetson
will appear before the board to con-
sider with supervisors and other delega-
tes in regard to the matter. Upon the re-
turn of Mr. Stetson from Riverside,
the Association will meet to hear his
report.

SANTA ANA BRITISH.

British services were conducted
in Santa Ana Lodge of the Fraternal
Brotherhood at Orange last
Saturday morning. About thirty mem-
bers together with their drill
team were present.

MEMPHIS PARAGRAPHS.

MEMPHIS, July 12.—Word was re-
ceived here today from Mt. Clemens,
Mich., announcing the death there on
July 9 of Mrs. R. P. McKesson, who
had many friends in this section. She
had married to R. P. McKesson about
a year ago, the couple coming to
Hemet, where they lived for some
months, going later to Los Angeles.

NEEDLES MAN DROPS DEAD.

OTTO DONNELL, a well-known mining

man of Needles, dropped dead from
the intense heat, seventy miles out on
the desert from Ludlow Wednesday.

At the time, who hurried the corpse to
the railroad and sent it to Needles, where
the remains were hastily buried by
Coroner Pitman, late last night.

That the San Bernardino Valley
Traction Company is to have direct
service through to Los Angeles within
two years, and probably in much less
time, is the prediction of General Man-
ager Smith, addressing a representa-
tive body of city officials and property
owners.

The statement was made almost in
the same breath in which the general
manager referred to the work of double
tracking the system to Riverside, and
in some quarters that the Los Angeles
extension will pass through Riverside
from this city.

In other quarters the belief is pre-
valent that the line to Los Angeles will
go to the west way to Ontario, and
that section, too, will be developed.

MEMPHIS, July 12.—Night Watchman
missed in making his rounds early
yesterday morning, prevented two
Mexicans from making their escape
each with a 100-pound sack of sugar.
The men were discovered by the
watchman making their way out of
the city as fast as possible with their
load of sweetness.

The sugar had been stolen from a
box car in front of the M. A. Hebbard
warehouse, and the Mexicans were
seen to enter at a preliminary ex-
amination held before Justice Hanna
yesterday.

BOYLE HEIGHTS BEGINS ANTI-
TRADING STAMP FIGHT.

Bluffs and Bugaboos of the Stamp-
ers Described by Secretary Paulding—
Merchants Tell of Their Costly
Experiences, and a Man from Mis-
souri Does Not Have to Be Shown.

Under the auspices of the Los An-
geles Retail Merchants' Exchange, and
the Retail Grocers' Association, an
anti-trading stamp meeting was held
in A.O.U.W. Hall, Boyle Heights, last
evening, resulting in the inauguration of
a systematic campaign against the
detrusive premium system of the mer-
chants of Boyle Heights.

C. Mortgar presiding, explained the
purposes of the meeting.

"We are going to keep the fight against trading
stamp," he said. "If you don't get
rid of them, you will find out what
they mean when you have to give three
or four kinds of stamps. They are
simply leeches sapping the life out of
business."

Secretary Paulding reported that
nineteen grocers of Boyle Heights
had been giving stamps, but six quit on
July 1.

A TRADING STAMP FICTION.

On Central Avenue from Santa Fe
to Forty-fifth street sixteen grocers had
been giving stamps, but thirteen quit.

"We had one man working,"

said Mr. Paulding, "and the trading
stamp had ten men working against us."

It was agreed that the Chinese
officials had taken up the question of
trading stamp.

\$1.00 Sale of Oxford

One thousand pairs of white canvas oxfords for young women, misses and children—values to \$2.50 at, choice, a pair, \$1.00.

A thousand pairs are an assorted lot of high grade white canvas oxfords that were not finished at the factory in time for delivery to a prominent retail house that had ordered them. Hamburger's guarantee is back of every pair for quality, as they are actual values up to \$2.50 and the soles alone on any pair of them are worth the price we ask for the oxford costume. They are in all the new snappy styles in Gibson, Blucher and ribbon tie effect; have welted soles; low, comfortable heels; all sizes from 8 1/2 to 11, 11 1/2 to 2 and 2 1/2 to 6. Remember, that for any style or size there is but one price, and that.....
